### **Church Hall Development Project - Your support is needed!!**

Finally, after nearly five years of planning and various false starts, our Planning Application for the new Church Hall Development Project is due to be considered by the Richmond Council Planning Committee next **Wednesday 4 July, in the Salon, at York House in Twickenham**. I have been given the opportunity to speak for three minutes in support of the application. We have been advised by our architect, David Loxton, that if there are a large number of members of the public there supporting a particular planning application it places greater pressure on the committee members to vote in support of the application. It is likely that some of those who wrote opposing our application may also turn-up, so it would be really helpful if there were a good turn-out from parishioners/church members to indicate a high level of support. It is also likely that, if there are a large number of people there for one particular application, it will be moved up the agenda - so we can all go home once it has been dealt with! (Or even go out for a drink to celebrate!!) There is a sign-up sheet at the back of church to indicate if you will be able to go. If people are able to share lifts, I'm sure that would be appreciated! Thank you in advance for your support, Gareth.
